Priyabrata Das

Full-Stack Web Developer | PHP, MySQL, Bootstrap Expert
| Assistant Professor in Data Analytics & Web Development |
Microsoft Azure Certified | OOP & Database Specialist
Bhubaneswar, Odisha, India

Summary

As a versatile Full-Stack Web Developer with 8+ years in PHP, MySQL, Bootstrap, and OOP-based solutions, I specialize in building dynamic, responsive websites and custom CMS platforms. My experience spans IT systems management in banking (State Bank of India) and academia (National Institute of Fashion Technology), where I've mentored 200+ students, guided award-winning projects, and reduced system downtime by 20%.

Experience

Information Technology & Services

Freelance Web Developer

December 2021 - Present (4 years 7 months)

Designed and developed 10+ dynamic, responsive websites using PHP, MySQL, Bootstrap, and JavaScript, leading to increased client satisfaction and engagement.

Applied Object-Oriented Programming (OOP) principles and best practices for backend solutions, enhancing system scalability and maintainability.

Delivered custom content management systems (CMS), improving the client's website management capabilities and streamlining content updates.

Managed version control using Git/GitHub, ensuring smooth collaboration and seamless deployment across various environments (Windows/Linux).

Collaborated with clients to understand their needs and provided tailored solutions, increasing client retention by 20%.

Constantly upskilled in modern web technologies and cloud technologies, staying updated with industry trends.

National Institute of Fashion Technology

Assistant Professor

October 2022 - Present (3 years 9 months)

India

Experienced Educator delivering lectures in Data Analytics, Database Management, Web Development, and Algorithms to students, maintaining a 95% attendance rate.

Mentored over 200 students, providing guidance on theoretical and practical aspects of the curriculum and fostering a deep understanding of Data Science and Web Development.

Guided students to win multiple awards, including 'Best Graduation Project' and 'Best Economically Viable Project', for the academic years 2022–2023 and 2023–2024.

Developed and curated curriculum content and lab exercises, ensuring alignment with current industry trends and real-world applications in the tech space.

Organized seminars and workshops, increasing student participation and engagement in hands-on learning activities by 30%.

State Bank of India

Assistant Manager (Systems)

September 2021 - October 2022 (1 year 2 months)

India

Led a vendor team managing Active Directory across 25,000+ nodes, resulting in a 20% reduction in system downtime and improved operational efficiency.

Developed and maintained in-house automation tools using PHP and MySQL, optimizing server-side logic and streamlining internal data management workflows.

Collaborated with cross-functional teams to ensure system reliability and compliance with IT policies, reducing risk and improving overall system security.

Managed technical troubleshooting and provided support for system upgrades, ensuring seamless transitions during system updates and reducing support tickets by 15%.

Oil and Natural Gas Corporation Ltd
Junior Assistant (Personnel & Administration)
May 2016 - July 2021 (5 years 3 months)
India

Streamlined administrative workflows and processes using SAP, reducing paperwork and manual effort by 30%, and improving overall process efficiency.

Troubleshoot and resolved technical issues, contributing to a 20% reduction in system downtime and improving overall operational reliability.

Assisted in personnel management tasks, including data entry, record maintenance, and process documentation, ensuring timely processing of HR requests.

Played a key role in supporting the HR team with daily operations, improving data accuracy and helping to achieve departmental goals.

MegaCorp Technologies Pvt. Ltd
Faculty
April 2015 - April 2016 (1 year 1 month)
India

Delivered lectures on .NET, Java, and Data Structures & Algorithms, mentoring 300+ students and fostering practical understanding of programming concepts.

Conducted seminars on Android and Cloud Computing, resulting in a 30% increase in course enrollments and enhanced student engagement.

Developed comprehensive course content, assignments, and lab exercises, ensuring the material was aligned with industry trends and emerging technologies.

CoreIntegra Consulting Service Pvt. Ltd
Operations Executive
July 2013 - July 2014 (1 year 1 month)
India

Led a 3-member team in the iON project of Tata Consultancy Services, successfully managing high-volume national exams (IIT JEE, GATE) for 2,000+ students over multiple days.

Coordinated logistics and operations, ensuring smooth execution of exams, with zero critical process failures during the project.

Implemented process improvements that enhanced efficiency and accuracy in managing large-scale exam operations, reducing processing time by 15%.

MegaCorp Technologies Pvt. Ltd

Faculty

December 2010 - March 2012 (1 year 4 months)

India

Mentored students in Java, .NET, and Android Development, with a focus on practical applications and industry-standard practices.

Led workshops on Cloud Computing, introducing students to the latest technological advancements in the field, which led to increased student interest in modern development practices.
